### Verified key content

- California 2025: "the total tons crushed came in at 2.62 million tons", which is "8% below 2024 and 23% below the 5-year average."
- "The 2025 crop is the lightest on record since 1999."
- "it is estimated that 57,000 acres were removed" (vineyards).
- "The total 2025 crop value throughout California was down 16% from last year to \$2.414 billion, and down 22% from the five-year average."
- Benchmark-variety price gap: "Sonoma County Chardonnay with the district average price of \$2,370 while spot market prices were closer to \$800 per ton."
