Verified key content

- Core spirits forecast: -4.19% (Q1 2026), improving to -3.91% (Q4 2026) and -3.68% (Q2 2027).
- "the spirits market continues to be pretty tough, the latest forecast suggests conditions may finally begin to stabilize over the coming year albeit while remaining in negative territory."
- Creighton: "The data continues to reinforce the importance of disciplined business planning, targeted consumer engagement, and meeting consumers where they are."
- Read for our purposes: no bottom yet in distributor data; deceleration only.
